*Students who transfer into the school will have a modified point system. Considerations can be made for special situations deemed necessary by Coach Magnuson but happen as a rarity.

**STORM Points have no impact on playing time, meaning that just because someone has the most points means they will be a starter or get more playing time than someone with less points.

***150 points are necessary for the opportunity to play in a varsity game and 100 points are necessary to have the opportunity to play in a JV game

*Students who do not reach the point total by the start of the season will be allowed to practice, however the cannot play in the game until they have reached their perspective point total.

Accumulation of points starts Monday, December 5th - August 9th
(August 10th is gear check out day)

Point updates will happen twice a month and will be posted outside of Coach Mags room and also at www.ihigh.com/stormfootball
