Fairfield Junior - Senior High School
Athletic Code Of Conduct

****

PARENTS: PLEASE NOTE THAT THE LAST TWO PAGES ARE PARENTAL ACKNOWLEDGEMENT FORMS THAT NEED TO BE FILLED OUT COMPLETELY AND RETURNED TO THE FAIRFIELD ATHLETIC OFFICE PRIOR TO THE START OF PRACTICES!!!

****

Philosophy

Through their athletic experiences, student-athletes can learn teamwork, responsibility, self-discipline, dedication, and accountability. Participation in interscholastic athletics is a privilege, not a right, and carries with it responsibility and sacrifice on the part of the student-athlete. Realizing that all student-athletes represent their school to the community, the conduct of the student-athlete in and out of school should bring credit on the school and community, and create a positive influence on the discipline, order, morale, and educational environment of the school and community. Athletics provide experiences which help a student-athlete develop physically, mentally, socially, and emotionally.

Section I - Athletic Code and General Regulations

The Fairfield Junior-Senior High School Athletic Code has been approved by the Athletic Council, Superintendent, and School Board. The Athletic Council is made up of the Principal, Assistant Principal, Athletic Director, Coaches - both Head and Assistant, and one member of the school board.

The conduct of the student-athlete in and out of school shall be such as to bring credit to the school and create a positive influence on the discipline, order, moral, and educational environment of the school.

The Athletic Council expects student-athletes to complete the season they are in and encourages student-athletes to participate in the same sport year after year.

If a student-athlete participates in a sport and then elects to withdraw in order to participate in another sport, before the first sport season in which he/she participated in is complete, a mandatory meeting will be held with the coaches, Athletic Director, Student-athlete involved, and parents of the Student-athlete involved to determine eligibility.

Quality equipment is provided in each sport. Student-athletes are expected to take care of this equipment and return it in good condition at the end of the season. Student-athletes must pay for the replacement cost of the equipment which is not returned. Equipment is to be used only at the times indicated by the coaches.

Section II - Academic Requirements

A. High School Student-Athletes - IHSAA Bylaw; Rule 18, Section I

To be eligible scholastically, high school student-athletes must have received passing grades at the end of their last grading period in school in at least five (5) full credit subjects, or the equivalent, and must be currently enrolled in at least five (5) full credit subjects or the equivalent. Semester grades take precedence.

B. Junior High Student-Athletes

To be eligible scholastically, junior high student-athletes must pass all their courses at the end of each nine week grading period and at each mid-grading period progress report (Courses that meet five days a week).

If a junior high student-athlete fails one full course (a course that meets five days a week), he/she will be placed on academic probation for two weeks. That student-athlete may practice and play in contests during this time. If that student-athlete is passing all their courses at the end of the two week period, he/she may continue to practice and participates in contests. If he/she is not passing all their classes, he/she may not participate in contests until the failing grade is raised up to a passing grade. During this time he/she may practice.

If a junior high student-athlete fails more than one full course (a course that meets five days a week), he/she will be placed on academic suspension for two weeks. That student-athlete may practice, but may not play in contests during this time. If that student-athlete is passing all their courses at the end of the two week period,, he/she may continue to practice and return to participation in contests. If he/she is not passing all their classes, he/she may not participate in contests until the failing grade is raised up to a passing grade. During this time he/she may practice.

Section III - Coaches

At the heart of this Athletic Code is the coach. For this policy to be effective, the coach must have a positive relationship with each student-athlete. The coach must confront the student-athlete when behavior is unacceptable and report the confrontation to the Athletic Director when behavior is a violation of the Athletic Code of Conduct.

Section IV - Parent Meeting

Before school begins in the fall, an evening meeting will be held for parents, student-athletes, and coaches. This meeting is for all student-athletes and parents who will be participating in sports throughout the school year.

The primary purpose of the meeting is to review the Athletic Code and have the parents and student-athletes sign the "Athletic Code Pledge and Agreement". A student-athlete will not be permitted to participate in a game until the parents and student-athletes have signed this form. This meeting can also be used for the coaches to go over the rules and expectations of their individual sports.

Section V - School Attendance

A student-athlete must be in attendance **a minimum of FIVE (5) FULL class periods of the day** in order to participate in **practice or a game**, unless excused by the principal or his/her designee. The day following a contest, the student-athlete is expected to be in school the full day. By staying home to rest after an athletic contest, having excessive absences, and/or having excessive tardies a student-athlete puts sports ahead of academic progress; which is unacceptable to the Fairfield Junior-Senior High School Athletic Department.

A conference with the parents, student-athlete, coach, Assistant Principal, and Athletic Director will be held after the student-athlete has reported late to school two times the day after an athletic contest.

Section VI - Athletic Training Rules

A. Student-Athletes must remember that each Head Coach may choose to establish additional team rules and regulations not covered in this policy, that apply to his/her specific team, provided the coaches rules are reasonable, lawful, and not in conflict with the policies and regulations of the school and school corporation. These written rules will be turned into the Athletic Director for approval prior to the first practice of the season. Student-Athletes are expected to observe these rules, as well as, any listed here. All rules will be discussed with the squad at the first practice session. The student-athlete and parent will both sign an acknowledgment form stating that they agree to follow these team rules.

B. The student-athlete is expected to behave a way that reflects in a positive way on himself/herself and on his/her school. Unacceptable behavior includes, but is not limited to: disruptive behavior, disrespectful behavior towards other students or staff, theft, vandalism, harassment, or any other conduct that is not in accord with acceptable behavior or law. If the student-athlete violates acceptable behavior or law, he/she will be punished. The following categories need not be progressive. The punishment is dependent on the seriousness and number of times of the violation.

1. **WARNING**

   This is an official notice from the Athletic Director that the conduct of the student-athlete is a violation and is not acceptable.

2. **PROBATION**

   Any student who violates any provision of this policy shall be considered to be on probation for a period of up to 365 days (1 calendar year) from the date that the violation occurred. A second or subsequent violation of any training rule, while on probation, may result in a student being suspended. This will be administered by the Athletic Director.

3. **SUSPENSION**

   Prevents a student-athlete from participating in athletics for a specific number of contests. Suspension may run in length from one game to 365 days (1 calendar year). After a suspension, if the student-athlete finishes the season in good standing, the coach has discretion to give the student-athlete letter awards as well as team awards. This penalty will be administered by the Athletic Director.

4. **EXCLUSION (Felony)**

   Any student-athlete convicted of a felony at any time shall be excluded from participation for one (1) calendar year from the date of conviction. THERE IS NO POSSIBLE REDUCTION IN THIS PENALTY. This penalty will be administered by the Athletic Director.

These four punishment forms are not necessarily progressive. The punishment is dependent on the seriousness of the offense and can consist of one or any combination of these methods. Violations of tobacco, alcoholic beverages, illegal drugs, look-alikes, or intoxicants in any form will be treated in SECTION VI C and will not follow the above procedures. If a student legally moves into the Fairfield School District and is under an athletic suspension, Fairfield will honor the previous school's suspension of that student-athlete.

C. Violation of Section VI C below will follow the procedures laid out in this section. Student-Athletes shall not at any time, including out-of-season, school vacations, ect.:

1. knowingly use, illegally possess, or transmit tobacco in any form;.
2. knowingly use, illegally possess, transmit, or be under the influence of any alcoholic beverages in any form;.
3. knowingly use, illegally possess, or transmit illegal performance enhancing drugs in any form;.
4. knowingly use, illegally possess, or transmit any illegal drug (a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, look-alike, or other such drug as defined by law) or intoxicants in any form,
5. be in attendance at an activity where alcoholic beverages and/or controlled substances are in the illegal possession, being illegally used, or being illegally consumed by other individuals present.
6. Anyone who has information on rules violation of this code must turn this information in to the Principal or Athletic Director of Fairfield Junior-Senior High School within thirty (30) days of the incident. Otherwise the violation will not be considered unless there are provable extenuating circumstances.

NOTIFICATION PROCEDURE FOLLOWING LEAVING AN ACTIVITY WHERE INDIVIDUALS HAVE ILLEGALLY POSSESSED USED, OR CONSUMED ALCOHOLIC BEVERAGES AND/OR CONTROLLED SUBSTANCES:

If a student-athlete attends an activity where alcoholic beverages and/or controlled substances are discovered to be in the illegal possession, use, or consumption of other individuals present, the student-athlete is to leave immediately. If the student-athlete cannot find a way home, he/she should call his/her parents, coach, relatives, or other friends to secure transportation home. When the student-athlete arrives home, the student-athlete and/or parents are to call his/her coach. If the coach is not home, the student-athlete and/or his/her parents are to call either the Athletic Director (831-5832), the Principal (831-4855), or the Assistant Principal (831-6963). The student-athlete will be asked at a later time the circumstances of the activity they attended; however, they are free to disclose what they choose (beside their attendance and leaving the event). If the student-athlete fails to make notification as outlined above, the student-athlete shall be disciplined following the steps outlined in Section VI C.

If the student-athlete fails to leave the party or activity as required above, the student-athlete shall be disciplined following the steps outlined in Section VI C.

FIRST OFFENSE OF SECTION VI C (Parts 1-5)

A student-athlete who violates the rules outlined in Section VI C, parts 1-5 (a first violation occurs when a violation or violations are first **reported and confirmed** by the Athletic Director), shall be suspended for one-half (1/2) of the season in which he/she is currently participating. If the violation occurs with less than half of the season remaining, the remainder of the suspension will carry into the next sport in which the student-athlete participates. If the violation occurs out of the season, the student-athlete will be suspended for one-half (1/2) of the next sport season in which he/she participates. Student-athletes are expected to practice, attend games out of uniform, and complete their season, if the games missed are to count towards fulfilling a suspension. After a suspension, if the student-athlete finishes the season in good standing, the coach has the discretion to give the student-athlete letter awards as well as team awards.

SECOND AND SUBSEQUENT OFFENSES OF SECTION VI C (Part 1-5)

A student-athlete who has been previously punished for a violation of Section VI C (Part 1-5)and again violates (reported and confirmed by the Athletic Director) **any** of the rules contained in Section VI C shall be suspended for one calendar year from the date of the violation. The second violation need not be a violation of the same rule (for example, violation #1 could be tobacco and violation #2 could be alcohol).

THE PROMOTION OF HONESTY (First Offense Option)
We believe that personal honesty, responsibility, and integrity are characteristics of good citizenship. To promote these characteristics when a student-athlete has committed a violation, a student-athlete who upon their first violation of the athletic policies outlined in Section VI C regarding of tobacco, alcoholic beverages, illegal drugs, look-alikes, or intoxicants in any form voluntarily, freely admits (comes in on their own to admit prior to initial questioning or admits under initial questioning) the violation to the athletic director, the assistant principal, or the principal shall have the consequences for that first violation reduced to 1/4 of a season (provided they undergo a professional drug and alcohol assessment using the procedures listed below for "Athletic Assessment"). If a student-athlete is asked by the athletic director, assistant principal, of principal if he/she has committed a violation of the athletic policies in Section VI C of tobacco, alcoholic beverages, illegal drugs, look-alikes, or intoxicants in any form and the athlete upon this question denies that he/she has violated the policy, any subsequent admission will not serve to effect this reduction in penalty.

ATHLETIC ASSESSMENT (First Offense Option)

* A student-athlete found to be in violation of SECTION VI - C, may elect to have his/her punishment reduced to one-third (1/3) of the participating season by undergoing a professional drug and alcohol assessment by an organization approved by the school, after notification of the parent or guardian. The student-athlete must follow the recommendation(s) of the assessment. A copy of the assessment must be submitted to the Athletic Director. Expenses for the program are the sole responsibility of the student-athlete or his/her parent(s) or guardian.
* This option will only apply to the first one-half (1/2) season suspension of the student-athlete.
* In case the treatment continues longer than one-third (1/3) of the season, the student-athlete may return to competition if he/she remains in good standing within the approved self-help program.

D. If a student-athlete is suspended during a season, the student-athlete is expected to practice and attend games (out of uniform) for the remainder of the suspension, or until the end of the season, whichever comes first.

If a student-athletes' suspension carries over to the next season, the student-athlete may tryout for the team. If selected to be on the team by the coach, the student-athlete is expected to practice and attend games (out of uniform) for the remainder of the suspension, or until the end of the season, whichever comes first.

E. A student-athlete who violates Section VI: A, B, or C and is suspended, will be considered fully eligible if he/she has stayed in compliance with the code during the suspension.

Section VII - Investigation of an Alleged Violation and Imposition of a Penalty.

Coaches are responsible for enforcing all of the training rules. A coach and the athletic director must confront a student-athlete concerning a training violation and its consequences. If they determine that the student-athlete has violated the training rules, they must inform the student-athlete of the punishment for the violation (the Assistant Principal will also be informed at this point).

The athletic director must make a written contact with the student-athlete's parent or guardian within three days after the student-athlete has been notified of the punishment for the training rule violation, and the Athletic Director shall offer to meet with the parent or guardian and the coach to explain the consequences of the situation. Such a meeting, if requested by the parent or guardian, shall take place as soon as may be mutually convenient.

Section VIII - Appeal Process

A student-athlete who has an alleged violation of Section VI C may only appeal a finding of guilt, but may not appeal the length of the suspension.

A. FIRST APPEAL

Any athlete who is penalized, or his/her parents, may request an appeals hearing by notifying the Principal in writing; within 5 days after the receipt of written notification of the athletic suspension.

A hearing panel consisting of up to 5 faculty members will be selected by the Principal. (If the Principal is not available, the Assistant Principal shall assume the Principal's responsibility.)

B. SECOND APPEAL

Any athlete or his/her parents whose appeal has been reviewed by the hearing panel may request an appeals hearing before the Superintendent by so notifying the Superintendent in writing within 5 days of the receipt of written notification of the hearing panel's decision.

C. THIRD APPEAL

Any athlete or his/her parents whose appeal has been reviewed by the Superintendent may request an appeals hearing before the School Board by so notifying it's President in writing within 5 days of the receipt of written notification of the Superintendent's decision.

Section IX - IHSAA
Student-athletes are required to abide by the rules of the Indiana High School Athletic Association of which Fairfield Junior-Senior High School is a member.

Section X - Length of Rules

A. Rules are in effect at all times, 24 hours per day, and 12 months of the year. A student-athlete is one who has established participant status by securing a position on an athletic team as a player, manager, trainer, cheerleader, or statistician. When a student becomes a member of a team, he/she becomes a student-athlete and will maintain that status as long as he/she is a student at Fairfield Jr.-Sr. High School.

B. For Junior High School Student-Athletes, this code goes into effect when the student-athlete enrolls in the seventh grade (or at the start of their first sport at Fairfield Jr. High School as a sixth grader) and continues until the last day of his/her eighth grade year.

C. For High School Student-Athletes, this code goes into effect following the last day of his/her eighth grade year and continues until the last day of competition in his/her senior year.

1. No previous offenses of this code will be considered when a student-athlete starts their high school career (following the last day of his/her eighth grade year).
2. Students who have completed their eighth grade year will not receive this "Clean Slate" until they have completed any previous probation and/or suspensions.
3. Once a student-athlete has committed a first violation of Section VI C (Parts 1-5) in their Junior High School career, the next violation of this code in their Junior High School career, will be considered a “Second or Subsequent Offense of Section VI C (Parts 1-5).
4. Once a student-athlete has committed a first violation of Section VI C (Parts 1-5) in their High School career, the next violation of this code in their High School career, will be considered a “Second or Subsequent Offense of Section VI C (Parts 1-5).

EXTRA CURRICULAR CONFLICTS

The following basic guidelines shall be used in determining appropriate resolutions to conflicting performance schedules:

1. Scheduled IHSAA tournaments; ISSA Division of Student Activities contests (including academic competitions, music competitions and contests, National Honor Society induction, etc.), FFA state or national contests, dress rehearsal and production of the school musical and play, including travel time, shall have the #1 precedence. If the conflict is between two of these activities, the student shall make the choice without penalty.
2. Regularly scheduled games, contests, and major performances beyond item #1 shall be the #2 priority. A previously scheduled event on the official school calendar will take precedence over a calendar addition or re-scheduled event.
3. The importance of the students' participation is the success of the total group performance. If a problem arises that the involved staff members are unable to resolve, the assistant principal shall be contacted for a final resolution. This policy pertains to all **extra-curricular activities.**

Students will be permitted to participate on only one In-Season Athletic Team per season (Fall, Winter, Spring). If a Student-Athlete is cut from a squad, they may try out for another team in that season, with permission of the coach of that squad.

Other Helpful Information:

*High School Student Athletes transfering to Fairfield from another high school must fill out a transfer eligibility form for the IHSAA and the IHSAA must approve this transfer prior to that transfer student competing in contests for Fairfield High School. See the athletic office for more details.

*High School Student-Athletes participating on an out-of-school team, out of season, may not have more than three students from Fairfield on their **roster**. If you are in doubt, ask your coach or contact the Athletic Office before signing up to participate.

*Student-Athletes and Injuries:

1] If an athlete misses five or more consecutive days of practice due to illness or injury, he/she need a physicians note to return to practice (even if they are in attendence at school). Physicians releases to return to practice (notes) must be turned into the training room for documentation. In addition, any athlete who is kept out of practice by a physician due to injury, must be released by a physician, and that release to return to practice (notes) must be turned into the training room for documentation.

2] Any athlete missing **five or more consecutive** days of practice due to illness or injury, needs to have 4 or 6 days of practice before returning to competition. The chart below summarizes this information.

Consecutive Practice Days Missed	Number of Practice Days needed **before** competing in games
5 - 10 days	4 Practice **Days**
More than 10 consecutive days	6 Practice **Days**

Also note, a "missed practice" is considered a practice a student-athlete could not participate in due to illness or injury; just observing a practice does not count as practicing.

Fairfield Junior - Senior High School
Athletic Awards

High School Athletic Department Awards:

- **Scholar-Athlete Award:** Awarded to a student-athlete who earns an academic GPA of 3.20 or higher (not rounded) for the grading period during their season (Fall – 1st Nine Weeks, Winter – 2nd Nine Weeks, Spring – 4th Nine Weeks, if possible; otherwise, 3rd Nine Weeks). The first time a student-athlete earns a scholar-athlete award in their high school career, they will receive the "Scholar-Athlete" patch. The first time during a school year a student-athlete earns a scholar-athlete award they will receive a segment designating their year (Freshmen, Spohomore, Junior, or Senior). In addition, a student-athlete will receive a certificate for any season in which they are designated a scholar-athlete.
- **Letter Jacket:** May be purchased by a student-athlete after earning their first Varsity ATHLETIC letter. This may be purchased through the Athletic Office following the Awards Night where the first letter is awarded. Numerals may be purchased through the Athletic Office for $2.00 per numeral
- **Letter Blanket**: Awarded at the Senior Honors program to any Senior Student-Athlete who has earned eight athletic letters in their high school career at Fairfield.
- **Athlete of the Year**: Awarded to a Senior Male and a Senior Female Athlete at the Senior Honors program. Voted on by the Athletic Council in May of each school year from nominees nominated earlier in the school year. All winners will receive a Certificate, a five-year all-sport pass, a have their picture in a permanent display.
- **Athlete of the Year Nominee**: A deserving Senior Male or Female Athlete may be nominated for the Athlete of the Year Award by a Head Coach. Also, any Senior who has earned an MVP award in their Senior year will be considered a nominee for the Athlete of the Year award. All nominees will be awarded a Certificate and a one-year All-Sport Pass.

High School Team Awards:

Each High School team will present an MVP, Mental Attitude, and Most Improved Award to their team at the awards program at the end of the season. In addition, other awards may be presented at the conclusion of the season.

High School Team Patches:

Awarded to each Varsity team member for Conference Season Championships, Conference Tourney Championships, Sectional Team Championships, Regional Team Championships, Semi-State Team Championships, and State Finals Appearances (including team championships).

High School Individual Patches:

- **All-NECC**: Awarded by the NECC to individuals selected to All-Conference squads;
- Sectional Individual Champion or Regional Qualifier (one patch per event);
- Regional Champion, Semi-State Qualifier, or State Qualifier (one patch per event);
- State Champion or State Medalist (one patch per event);
- In team sports, All-State Designation by AP, ICGSA, or other recognized Coaches organization;
- Recognized Academic All-State First Team.

Junior High Team Medals:

Awarded to each team member for Conference Championships and individuals for Individual Conference Championships.

GOSHEN, IN 46526
(574) 831-2184
FAX: (574) 831-2187

Because of substantial premimum increases, the Fairfield Community Schools will not provide health or accident insurance for injuries incurred by your child at school or in athletics.

For this reason, all students involved in athletics should investigate whether they are adequately insured through their parent' family policy or whether they should purchase additional health or accident insurance. We have information about one such policy available in the Athletic Office or the front office at Fairfield.

REASONS TO PURCHASE THIS COVERAGE:

1. Deductibles and co-pay's in your health plan. This plan will provide benefits for medical expenses incurred because of an accident. Many health plans have increased the amount of out-of-pocket expenses. If you have other insurance, our benefits will be applied to your deductible or co-pay. This policy would become supplemental to your insurance policy.

2. If you currently carry no insurance. If you have no other insurance this will become your primary accident plan. This policy would become the "Primary" insurance policy for your child.

To purchase coverage:

1. Print names, addresses and other information clearly on the form available at the school.

2. Please enclose a check or money order made payable to – STUDENT ASSURANCE SERVICES, INC.

3. Print Student's name on the face of the check.

4. Detach and retain the summary of coverage, and return the envelope to school. Coverage does not become effective until the premium is received by the School.

5. All questions regarding the coverage should be directed to David Desch, agent, at (651) 439-7098, or toll free 1-800-328-2739.

Thank you,

Mark Hofer
Athletic Director
Fairfield Jr.-Sr. High School
