To: All Parents/Guardians of Prospective Champlin Park Football Players

From: Coach Mike Korton and the Champlin Park Football Staff

Dear Parents/Guardians:

Every year the Champlin Park Football program sends out a spring mailer to all the student athletes that have shown interest in playing football next year. If you are receiving this and you are not interested in playing next year, please come and see me, Coach Korton so I can get a good idea of who is coming out in August. If you know someone that didn't receive this mailer, and is playing next year, have them contact Coach Korton.

We are looking forward to the upcoming season and expect to have great success at all levels, in many different ways. We expect success, because of the hard work our football players put into the off-season. Having your son as a part of the football program is a big commitment, not only for the student athlete, but for the entire family. The rewards that come with being a part of this program we hope are great.

We are having our fall Parent/Player meeting this year on Wednesday August 1st at 7:00 pm. Last year we had over 185 players in our program and only 129 players were represented at this meeting. (This was an improvement from the year before.) With testing happening in the morning, we will be able to remind players of this meeting and hopefully have a better attendance to kick off the start of the 2012 Rebel Football season. Let me know if you can't make this meeting.

We would also like to invite all Parents/Fans/Alumni to get involved with the program. The touchdown club meets at 7:00pm, every 3rd Monday of the month, in the south lecture hall at Champlin Park High School. We hope to see you there.

The CP touchdown Club has been working hard on new ideas that will help our student athletes. One of the ideas is a new program we would like to encourage all of you to get involved with. This is our "CP Touchdown Club Membership". There is information about this program in the mailer.

Rebel football, we try not to cut any athletes. We try to find a place for all of them to play. This is different than many activities today. This is the reason our booster club works so hard, and the reason that we need more people to get involved. We have a website that we believe can help answer most of your questions about Rebel Football. (The web address is: champlinparkfootball.ihigh.com) We are asking people to visit this website at least once a month. This is a fundraiser for the program. We make money of the amount of unique visitors per month. Please visit this site and give us feedback on other things we can add to the site.

We are having our 8th annual Alumni & Friends golf tournament at Sundance golf course this summer, on Friday July 27th. There is a registration form in this mailer. Let your friends and family know about this event. This event was a great success last year, and a very good time had by all.

The things you should find in this mailer are: Player opportunity list, Camp for (3rd - 9th graders) & Weight training sign-ups, Golf Tournament, Linder's information & Broadway Pancake Breakfast information. Support your favorite football player, by put a personal ad in the program. New for this season: Acceleration at Champlin Park (Speed Program), CP Touchdown Club Membership.

Our football players participate in two main fundraisers; one is our letter writing campaign and the other is selling our fundraising cards. All players will be issued these fundraisers on equipment handout day (August 9th.)

Thanks!! We look forward to hearing from you soon, as well as working with your son this upcoming season.

Mike Korton
